EDMONDS COMMUNITY COLLEGE

Emergency Management and Business Continuity
Associate in Applied Science-T Degree
Program Requirements
2011-2012

Student Name _____

Student ID _____

Program Description The Emergency Management & Business Continuity program was developed due to the high demand for trained professionals in this multi-disciplined comprehensive field. This two-year degree program provides education and training for individuals currently working in the field and for students desiring to work in business operations, security, crisis management, emergency planning, preparedness, business continuity, disaster response and recovery for private sector, community, non-profit, voluntary, tribal, or governmental agencies.

This Associate in Applied Science-T (AAS-T) in Emergency Management and Business Continuity is a **99-103** credit professional technical degree with a core of general education courses commonly accepted in transfer. In general, professional-technical degrees are not designed for transfer to other colleges or universities. This degree will articulate to several four year institutions, including CWU, TESC, AMU, APUS, University of Phoenix, and other institutions.

Students seeking to transfer to degree programs other than those specifically designed for the AAS-T should consider the Associate of Arts or the Associate of Science degree, which are specifically designed for transfer to four-year colleges and universities.

Degree Outcomes Outcomes for Edmonds Community College degrees and certificates can be found in the online college catalog at the bottom of each degree or certificate. To find specific outcomes, click on the degree or certificate from the program list in the online catalog at http://catalog.edcc.edu.

Credit/Grade Requirements The AAS-T degree is awarded upon completion of a minimum of **99** credits of General Requirements, Distribution Requirements, and Specified Requirements outlined on the program requirement sheet. A minimum of 30 credits or one-third of the required credits, whichever is less, must be earned at Edmonds Community College. Students are required to maintain a minimum cumulative grade point average of 2.0 in all college-level courses.

Common Course Numbering Changes Please refer to www.edcc.edu/ccn for more information.

General Education/Related Instruction Requirements Students who complete degrees or certificates of 45 credits or more are required to demonstrate learning in the following general education/related instruction areas: communications, computation/quantitative skills, and human relations/group interaction.

Cultural Diversity Edmonds Community College requires that students earning a degree or certificate of 45 credits or more meet the Cultural Diversity Requirement. Courses that satisfy this requirement are marked as "-CD" on the requirement sheet and/or "Meets Cultural Diversity Requirement" in the quarterly class schedule.

Students are Advised to

- Consult with an EMERG faculty adviser quarterly for course selection and completion of degree requirements and plan their schedule several quarters in advance. ***Note:*** *All decisions on selection of courses are ultimately the responsibility of the student*
- Review the college catalog for required course prerequisites and include these in schedule planning
- All students who intend to transfer should meet with an adviser of the college they plan to transfer to review exact and specific admission requirements

Graduation Application A completed Graduation Application form must be submitted to Enrollment Services by the 10th day of the quarter in which the student expects to graduate. Forms are available at Enrollment Services located in Lynnwood Hall.

Adviser The adviser for this program is Lark Stewart   lark.stewart@edcc.edu   425-640-1877

Planning Notes

1. Computation/Quantitative Skills: Students must complete a quantitative reasoning course, MATH& 107 Math in Society OR MATH& 146/Statistics which requires completion of MATH 90 or an equivalent placement score. Students should meet with an advisor to discuss math requirements for transferring to a four-year school.

2. Please see an EMERG advisor to arrange the required internship.

3. Elective credits may be selected from listed elective courses or any course under additional requirements
