Fire Officer
Certificate
Program Requirements
2011-2012

Student Name _____

Student ID _____

Program Description The Fire Officer Certificate program is a supplementary program designed to enhance the technical and general education of the career firefighter.

Edmonds Community College, in cooperation with the State Board for Community and Technical Colleges, has developed this system to provide the volunteer, paid firefighter and officer the opportunity to acquire an associate degree with a state standardized curriculum, and a program that will lead to an Associate of Applied Science-T Degree.

Other related fire service training may be accepted as elective credits, provided that the training course is tested and documented with a course description and outline with a minimum of 10 hours of training per course. Submission for approval must be within five years of said training to be accepted toward the Fire Officer Degree.

Modifications may be made with approval of the program coordinator.

Degree Outcomes Outcomes for Edmonds Community College degrees and certificates can be found in the online college catalog at the bottom of each degree or certificate. To find specific outcomes, click on the degree or certificate from the program list in the online catalog at http://catalog.edcc.edu.

Common Course Numbering Changes Please refer to www.edcc.edu/ccn for more information.

Credit/Grade Requirements This Certificate requires successful completion of a minimum of **39** credits as outlined. A minimum of 30 credits or one-third of the required credits, whichever is less, must be earned at Edmonds Community College. Students are required to maintain a minimum cumulative grade point average of 2.0 in all college-level courses.

Students are advised to
- Plan their schedule several quarters in advance in order to accommodate courses that are offered only once or twice a year
- Review the college catalog for required course prerequisites and include these in schedule planning
- Communicate with the adviser

Note
Elective courses may be selected with the approval of an FOD program adviser

Other related fire service training may be accepted based upon appropriate documentation and approval of the program coordinator.

Graduation Application A completed Graduation Application form must be submitted to Enrollment Services by the 10th day of the quarter in which the student expects to graduate. Forms are available at Enrollment Services located in Lynnwood Hall, or online at
www.edcc.edu/credentials/paperwork.php
