

2026-2027 Behavioral Health Support Specialist - BAS Proficiency Courses

The following is a list of courses that meet the Proficiency Requirements for the Behavioral Health Support Specialist - Bachelor of Applied Science (BHSS-BAS) degree program. A combined total of 60 credits from the classes listed below, or an approved substitution, will be needed to graduate. The SHS prerequisite courses you completed for entry into this program also count toward the required 60 credits. If you completed a prior version of a course and the course code has now changed, the prior version will also be accepted as proficiency. The same is true for courses previously listed on prior versions of this document. Equivalent proficiency courses from other institutions and degree programs may be determined through the transcript evaluation process and/or meeting with the BHSS-BAS Program Manager.
